# SonoEye VET

Care Anytime Anywhere

Go light

Go waterproof

Go thumb-play

Go anywhere

# SonoEye

can help to provide high quality user experience in any location.

Featuring an adaptable design that goes from pad to mobile phone, increasing the portability, and making it possible to work together with veterinarians from one to another animal patient all the time, SonoEye provides excellent scanning experience for animals of different species.

# GO light

Half weight of a phone,  
highly integrated design,  
more compact.

## Multiple devices

SonoEye provides a flexible connection  
with smart phone or pad.

IPX7

## GO waterproof

SonoEye, a hand-held ultrasound,  
gives you the power  
to sterilize and clean freely.

# GO anywhere

SonoEye, integrated with the best handheld technologies, can provide multiple solutions for the scanning of different species.

Feline

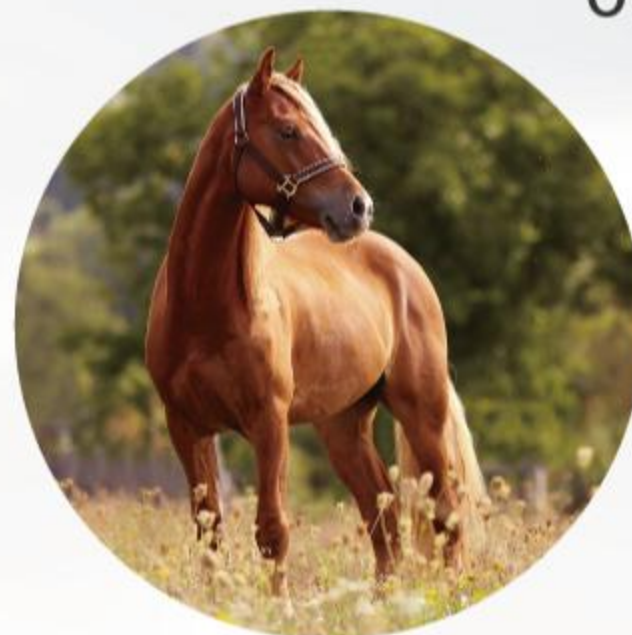

Canine

Ovine

Other Species

Equine

# GO thumb-play

- One touch to start an ultrasound exam.
- One thumb to finish all operation.
- Simplified workflow assures you to use it as easy as your smart phone.
